

### **Petal 1 – Favorite Knowledge / Fields of Interest**

Identifying problems and finding the best way to fix them  
drawing  
Communication  
learning a language (Russian, Spanish)  
improving singing, flute (karaoke)  
interested in creative hobbies  
Cooking and learning new recipes.  
Learning about animal behavior  
Creating posters, flyers, brochures,  
writing social media

### **Petal 2: Preferred Kinds of People to Work With**

my personality type is INTP

It's exhausting for me to be around and interact with people, especially new people.  
I do best when I work with the same group of people

I like to work with:

People my age  
patient people  
people who take time with their project  
good communication skills  
positive attitudes  
have interest in what they are doing  
They care about their work  
passionate people (I hate a person who is just doing it for the money)

### **Petal 3: Favorite Transferrable Skills**

solving problems

I love to create  
I love to see how things work (analyze)  
deconstruct  
Helping others, explaining

-----

I can supervise (I did it at the movie theater)  
I get projects done  
I help people link up and connect  
When I can, I help train

**Petal 4: Favorite Working Conditions**

Being able to see outside – natural light  
I hate florescent light  
I need quiet spaces  
Time for breaks and eating

**Petal 5: Preferred Salary & Level of Responsibility**

60k - 80k  
I want to be evaluated as an individual  
I'm open to having a leadership role

**Petal 6: Preferred Place to Live**

First choice: work remotely, or local in NJ  
2<sup>nd</sup>: New York

I'm very anxious driver and I rely on him to get to places. I'm working on being more independent but for now, commuting to work might be a challenge. It might be easier for me to work in new York because then I could use public transportation. I enjoy commuting by bus or train. The salary definitely has to be high enough to merit commuting though. No less than 60k.

I'm not willing to relocate, for now at least

**Petal 7: Goal, Purpose, Mission**

1. Knowledge
2. Health to people, basic health access would be nice.
3. I very much value beauty,
4. I wish we had basic income – compassion
5. I value morality
6. I'm not into spirituality
7. I enjoy bringing laughter
8. I like quality products, so I'm willing to spend more. But I don't need much. I'm pretty happy.
9. I value nature and science
